

### **Screening Criteria for Peer Supporters**

- Faculty with some level of experience beyond Residency or Fellowship ?
- Have experienced being involved in an adverse event that impacted them?
- Not in direct supervisory line?
- Do they listen more than talk?
- Do they need to give advice? (ex: Have they had a bad experience and want to share this with others?)
- Do they have time to follow up?
- Will they participate fully in the debriefing with WUSM patient safety or medical director?
- Will they be open to signs that other resources are needed?
